21 February 1967

(*For Addressees, see reverse side)

Dear :

The Agency is starting a modest China Studies Summer Intern Program in June of this year and I would like to solicit your help in referring to us outstanding geography students who would be interested in such an experience.

The Program is oriented toward students who are already involved in Far East studies at the graduate level and who have demonstrated a capability to do serious research work. Outstanding undergraduate seniors who fully intend to pursue a graduate program in China area studies would also be considered. No commitment on the part of the Intern to continue his association with us is involved, but each will have the opportunity to be considered for permanent employment if he desires.

We plan to bring the student in on a contract basis, at the rate of \$589 to \$641 per month. For those who are advanced seniors or in their first year of graduate work, the rate would be \$589; for those in their second year beyond the undergraduate level, \$641. We would expect the Intern to work 2 to 3 months full-time during the summer period. Round-trip transportation to Washington, D. C. will be paid.

Each Summer Intern will be fully cleared and will work with all materials normally available to full-time employees. Needless to say, persons working under the Program must be mature, stable, and suited to the trust placed in them.

If you know of any students in your department who you feel meet these qualifications, who are capable of doing excellent work, and who would gain by this experience, I would appreciate a referral of their names and addresses so that we can contact them for formal application.

Sincerely yours,
